

Job Title: Woodlands Operations Planner
Company: Alberta Pacific Forest Industries Inc.
Location: Boyle, Alberta
Deadline: March 31, 2019

This is a full-time permanent position, working Monday-Thursday, 7:00a.m. – 5:00p.m., at times requiring extended working hours or days. The position is located at our millsite, with travel required within our Forest Management Agreement Area (FMA). The successful candidate will receive a competitive annual salary including paid pension and matching RRSP program, 4-week's annual vacation, company paid dental and extended health benefits, and many additional employee incentives. For candidates requiring relocation, Alberta-Pacific offers an attractive relocation assistance package.

RESPONSIBILITIES:

- Work with a third party consultant to develop harvest plans, layout and obtain approval for approximately 1,800,000 m³ annually.
- Liaise with Government personnel to obtain plan approval.
- Support harvest operations as required.
- Participate in consultation with Indigenous and local communities.
- Work with local quota holders to integrate plans.
- Collaborate with internal and external stakeholders to actively seek out innovative solutions to multiple challenges involving various stakeholder objectives.
- Map production.
- Data management.
- GIS spatial analysis.
- Apply decision support tools to identify opportunities and support business decisions.
- Contribute, perform and be accountable for team cost expectations while supporting safety, quality, production, community, and environmental objectives.

QUALIFICATIONS:

- B.Sc. in Forestry or diploma from a recognized forestry school.
- Must be eligible to register for a professional designation in Alberta.
- Self-motivated individual who works well within a team environment.
- Excellent communication and interpersonal skills.
- GIS/GPS experience with ability to use ArcGIS.
- Experience with Woodstock Modeling platform and REMSOFT analytics platform would be an asset.

To Apply
