

Eacom Timber Corporation

WOODLAND CONTRACTOR SUPERVISOR

Reference: NAIRN_Wood_Contractor_SUP

Duration: Permanent, Full Time

Location : Nairn Centre, ont

EACOM Timber Corporation is a major Canadian wood products company. Its operations include the manufacturing, marketing and distribution of lumber and wood-based value-added products, and the management of forest resources. EACOM currently owns seven sawmills (5 in Ontario, 2 in Quebec), a remanufacturing facility (Quebec) and an engineered I-joists plant (Ontario). Its head office is located in Montreal, Quebec, and the company is now hiring more than 1 000 passionate people. The Company is committed to investing in strong assets, including healthy forests, advanced technology and talented people.

We are looking for a Woodland Operations Supervisor.

Reporting to the Nairn Center Woodlands Superintendent, duties will include coordinating of contractor-based harvest operations and contributing to the woodland team forest operations planning.

RESPONSABILITIES

- Daily Supervision of forest operations, including road building, harvesting and log hauling to meet the needs of the Nairn Center saw mill and external mill customers. This will include monitoring safety, environment and product quality.
- Field location of harvest boundaries, access and harvest block roads.
- Conduct safety and environment audits on contractors.
- Perform all scheduled Environmental Management System (EMS) audits and develop and implement action plans associated with audit findings.
- Assist in the development and implementation of Annual Work Schedules on EACOM License areas.
- Manage the aggregate pit permits and Ministry of Natural Resources and Forestry compliance reporting.
- Other related tasks.

SKILLS PROFILE

- Have the ability to work independently with minimal supervision and in a team environment;
- Strong beliefs and behaviors in safety and environmental values and results;
- Demonstrate a willingness to learn, a positive attitude, be physically fit, and able to produce positive results with clients and contractors;
- Have leadership skills, be motivated to produce high-quality deliverable products, and be flexible and adaptable to a variety of work environments.

REQUIREMENTS

- Have a recognized University Degree or College Diploma in forestry or business, or equivalent experience;
- Have acquired a minimum of 3-5 years of experience in harvest operations;
- Be experienced in the use of Microsoft Office, Arcview GIS (or equivalent) and GPS technology;
- Clear understanding of the legislative requirements affecting forest management in Ontario and the Occupational Health and Safety Act.
- Required to work outdoors in a variety of weather and terrain conditions.
- Valid Driver's license.

If you are invited to continue the selection process, please notify us of any particular adaptive measures you might require. Any information you send us will be handled respectfully and in complete confidence.

EACOM is an employer that respects equal opportunities in employment.

The masculine gender is only for abbreviation.
