future

The Ministry of Environment takes a team-based approach to protecting Saskatchewan's environment for the well-being of the province, its people and its future. We use science-based solutions and environmental laws to help safeguard communities and protect our air, land, water and habitat. We are committed to high citizen and client satisfaction through workplace excellence, continuous improvement and innovation. Our leaders demonstrate the Government of Saskatchewan's commitment to ensuring workplace health and safety.

Are you a proactive, self-directed, analytical individual with the ability to work successfully in a team environment, a desire to foster a positive health and safety culture, and an interest in increasing your technical knowledge related to the Forestry industry? The Saskatchewan Ministry of Environment has an exciting opportunity in the Forest Service Branch located in Prince Albert.

As a Forest Ecosystems Protection Specialist, you will support the sustainable growth of Saskatchewan's forest sector by implementing policy and procedural changes that ensure forest operational planning and compliance programs support the Ministry's shift to a results-based, service-oriented, regulatory approach to attaining desired forest management outcomes.

Typically, the competencies required for this position would be obtained through the completion of a Bachelor's of Science degree in Forestry, or other forestry/environmental sciences-based education, supplemented with several years of related experience in the forest industry or a government forestry agency.

The successful candidate must be eligible to obtain membership in the Association of Saskatchewan Forestry Professionals within two years of commencement.

The Government of Saskatchewan is committed to ensuring workplace health and safety. In our commitment to excellence we demonstrate innovation, collaboration and transparency, practice effective and accountable use of resources, and promote engagement and leadership at all levels.
