

Operations Planning Forester
Interfor
Ear Falls, Ontario

When you join our team as an **Operations Planning Forester**, you will lead the short and long-term operational planning objectives and support sustainable implementation of our operations.

What You'll Do:

- Maintain the highest safety standards by leading by example and ensuring that the team and contractors follow all policies, procedures, practices, and regulations.
- Lead the operational planning program for the Ear Falls wood supply areas.
- Monitor weekly contractor production vs. annual operating budgets and update forecasts.
- Assist the Ear Falls Woodlands team with implementation of a fluid and sustainable harvest and delivery plan.
- Assist the Woodlands Manager in developing and implementing annual operating budgets.
- Coordinate with assistance from the Ear Falls Woodlands team the implementation of the Health and Safety Program and Environmental Management System (Safe Workplace Ontario / Sustainable Forestry Initiative).
- Manage the Forest Operations Information Program (FOIP).
- All other duties as assigned to support the implementation of forest management planning and operational activities for the Ear Falls Woodlands team.

What You Offer:

- Recognized University Degree in the Field of Forestry / Environmental Management.
- Have acquired a minimum of 5 years of experience related to the aspects of Forest Management Planning, and implementation of Harvesting activities.
- Be experienced in the use of Microsoft Office, ArcMap GIS, GPS technology.
- Required to work outdoors in a variety of weather and terrain conditions.
- Ontario Driver's License in good standing.
- Possess, or be eligible to obtain Ontario Registered Professional Forester (RPF) designation.
- Certified FOIP Inspector designation is preferred.
- Ability to work independently with minimal supervision and in a team environment.
- Possess excellent communication, interpersonal, and negotiation skills.
- Must be result driven and be able to bring forward solutions to overcome challenges.
- Demonstrate a willingness to learn, possess a positive attitude, and be able to produce positive results with clients, contractors, and government authorities.
- Possess leadership skills and be motivated to produce high-quality deliverable products.

- Be flexible and adaptable to a variety of work environments and schedules.
